OTHER RELEVANT INFORMATION PERTAINING TO SPORTS MANAGEMENT & ADMINISTRATION

- Past Senior member of the Gauteng Interim Sports Council that rollout the Re-engineering process of sport in Gauteng as instructed by the MEC for SACR in Gauteng Province South Africa, due to the following:
 - The existence of two Provincial Sport Councils in Gauteng;
 - The challenges and negative impact that this has had on sport development in Gauteng;
 - Concerns raised by SASCOG regarding the limited number of provincial/regional federations that have applied for Sport Council membership; and
 - to engage in a re-engineering process that would culminate in the launch of a new and more representative, inclusive and widely consulted Provincial Executive Committee (Gauteng Sports Council)
- A key player in raising sponsorships for National and Provincial Teams – Lifesaving and Swimming during 2002 -2013
- Secured sponsorship for German Cup Tours 2002, 2003, 2004, 2013 and Rescue 2009
- Secured sponsorship for Commonwealth Champs 2003 Lifesaving

MANIFESTO– WINSTON A MEYER

SASCOC PRESIDENT, 1st VICE PRESIDENT, 2nd VICE PRESIDENT & BOARD ELECTIONS MARCH 2020

INTRODUCTION

My name is Winston Meyer and I am running for the position(s) of President, 1st Vice President, 2nd Vice President or Board Member of SASCOC as I believe that I can bring change to this organisation and plough back more than 33 years of experience as a seasoned manager and administrator within the Government, Private Sector and Civil Society domains.

My experiences cover the areas of Public Management, Administration and Corporate Governance, Sports Management and Administration. Currently a Board Member of LSA and President of the Tshwane Sports Council, I have developed a set of skills as can be seen from my CV spanning from Risk Management, Project Management, Sport Management, Corporate Governance, Public Management, Public Financial Management, Event Management, Supply Chain Management and much more. A skills set that I believe makes me an ideal candidate to become a SASCOC Board Member in whatever capacity for this very same organisation that invested in me to complete the Diploma/Certificate MOTI: Management of Technology and Information during 2011-2012 in completion of the SASCOC Applied Sport Management Programme through the DaVinci Institute.

WHAT I PLAN TO DO IF ELECTED

Within the Sport Management and Administration domain in South Africa, over the years it has become more and more evident that politics within sport is shaping the arena in which we play. An arena marred by corruption, mal administration and mismanagement within National, Provincial and Local Government departments, and needless to say Civil Society organisations and Section 21 companies, SASCOC itself, did not escape the labelling as an organisation practicing corrupt activities. Corporate Governance and the core values and principles thereof therefore must take its rightful place and reintroduced throughout the organisation from club level to management and administration of federations thus to restore order, respect and dignity.

Having said the above, we as sport administrators must take ownership to manage and administer sport in SA, more so, live the OLYMPIC CREED. We live in a democratic society managed by democratic principles. However, we must hold government accountable to protect sport in SA, NOT by dictating to us politically how to run sport, but helping us to develop all sport codes on grassroots level providing much needed funds for development, ensuring the reintroduction of Physical Education in our schools thus strengthening our mandate to deliver on High Performance Sport & Performance developing a NATION IN SPORT.

Areas of priority must include:

- Further funding, developed systems, implementation, management and administration of the LTADP, Coaches Development, Growth of the High Performance Pool in conjunction with all relevant role-players
- In-depth discussion and negotiation with Corporate SA emphasising the need for sport funding (sponsorships)
- Instil a culture of Corporate Governance ensuring regular Internal and independent External Audits of the Organisation and all its affiliates spread across a bouquet of KPA's
- Drive the finalisation and ongoing implementation and monitoring of transformation
- Strengthen the working relationship with Government viz-a-viz Government-SASCOC-Provincial Sport Confederations-Local Government
- Drive the Audit, Development and maintenance of sport and recreation facilities with Local Government

I THANK YOU – Winston A Meyer
